Preparing  
for FY 2020

To End the HIV Epidemic, HHS is providing funding in FY 2019 for planning in all phase 1 jurisdictions and jumpstarting activities in key locations

HHS agencies are also planning for implementation in FY 2020

# Jumpstart Sites

- **\$4.5 million**  
in funding
- **FY 2019**  
Minority HIV/AIDS Fund
- **Three Pilot Projects**  
via CDC Flagship Health  
Department Cooperative  
Agreement
- **\$1.3 million**  
via the Division of STD  
Prevention

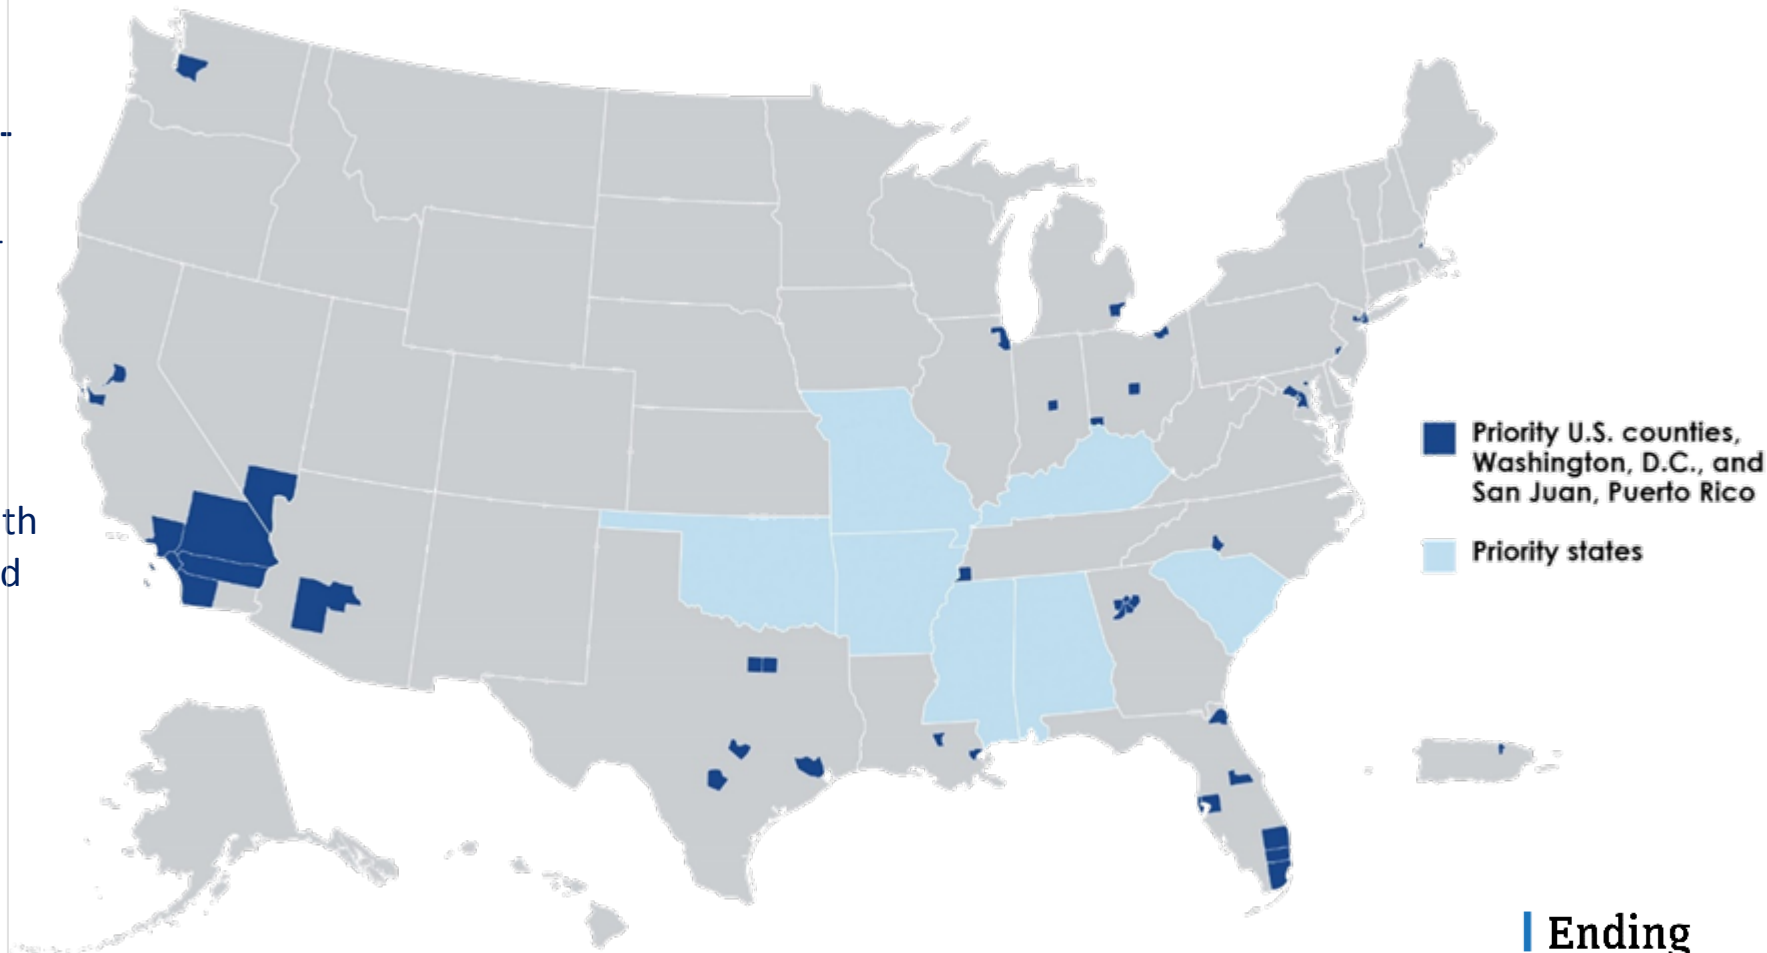

# Strategic Planning and Partnerships

## Local EHE planning

- Jurisdictions will engage local partners to develop **community-tailored plans**
  - \$12 million to 32 eligible, CDC-funded state and local HDs representing Phase 1 Jurisdictions

## One national nonprofit

- Funding for one organization with a **robust partnership system** and capacity to provide support to jurisdictions
  - Up to \$1.5 million in 2019
  - Up to another \$6 million from 2020 to 2023 based on the availability of resources

# FY 2020 Implementation Planning at CDC

- Examining innovative prevention programs, best practices and interventions for scale-up, by pillar
- Preparing to announce and award FY20 funding to grantees, pending funding approval
- Soliciting input from grantees and partners
- Assessing the most efficient and appropriate means to implement certain programs
- Exploring workforce needs and solutions

Epidemic

# HIV Work Force

- If funded, CDC will work with each community to establish on-the-ground teams that will include experts from multiple disciplines, including:
  - Epidemiology
  - Health care systems
  - Disease investigation
  - Medical, scientific, and public health
  - Social services
- CDC is planning to increase workforce capacity through current mechanisms and creative solutions.
  - Example – Leveraging CDC’s Public Health Associate Program (PHAP) to place highly motivated, early-career public health professionals in interested jurisdictions
